## Governor: Stay Home!

### Governor Whitmer Signs "Stay Home, Stay Safe" Executive Order

On Monday, Governor Gretchen Whitmer signed the "Stay Home, Stay Safe" Executive Order (EO 2020-21), directing all Michigan businesses and operations to temporarily suspend in-person operations that are not necessary to sustain or protect life. The order also directs Michiganders to stay in their homes unless they're a part of that critical infrastructure workforce, engaged in an outdoor activity, or performing tasks necessary to the health and safety of themselves or their family, like going to the hospital or grocery store.

Effective at 12:01 a.m. on March 24, 2020, for at least the next three weeks, individuals may only leave their home or place of residence under very limited circumstances, and they must adhere to social distancing measures recommended by the Centers for Disease Control and Prevention when they do so, including remaining at least six feet from people from outside the individual's household to the extent feasible under the circumstances.

"In just 13 days, we've gone from 0 to over 1,000 COVID-19 cases," said Governor Whitmer. "This is an unprecedented crisis that requires all of us working together to protect our families and our communities. The most effective way we can slow down the virus is to stay home. I know this will be hard, but it will be temporary. If we all come together, get serious, and do our part by staying home, we can stay safe and save lives."

Additionally, under Executive Order 2020-21, all public and private gatherings of any number of people occurring among persons outside a single household are temporarily prohibited. People may leave the house to perform for limited, necessary purposes, and may engage in outdoor activities like walking, hiking, running, cycling, or any other recreational activity, consistent with remaining at least six feet from people from outside a person's household and with other restrictions imposed by prior executive orders.

The Bay County Health Department advises that YOU CAN:

- Go to the grocery store or pick up take-out food.
- Go to the pharmacy to pick up a needed prescription.
- Engage in outdoor activities like walking, hiking, running, biking.
- Go to the hospital or secure any care necessary to address a medical emergency or to preserve your health or the health of a loved one.
- Fill your car with gas.
- Return to Michigan to a home or place of residence from outside the State.
- Leave the State for a home or residence elsewhere.
- Walk your pets and take them to the veterinarian for needed medical care.

### City Updates, Captain Spencer to Return

The City of Pinconning has made several schedule changes as a result of the Governor Gretchen Whitmer's Executive Order to suspend non-essential services. As noted last week, City Hall has been closed to the public, but will maintain phone service to assist residents. Staff will be working a reduced schedule as a budget-saving measure due to the reduced need for customer service.

Water bill due dates have been extended by a week to allow residents sufficient time to mail in their payment. Anyone unable to pay their bill should contact the City BEFORE their due date. A Consumers Energy contract crew will be in the area trimming trees in the coming weeks.

A US Department of Agriculture Grant has been secured to fund a wastewater Rate Study for the City. The study will analyze the City's Wastewater Fund, and make recommendations about full cost recovery (i.e. operating costs, debt and other expenditure requirements); a cost-based rate structure; consistency with industry standards; equity among customer classes; administrative efficiency (i.e. easy to understand and implement); and a capital funding plan. The cost of the study, approximately \$15,000, will be fully covered by the grant.

City Manager Bob Moffit also told the Journal that Pinconning Police Captain Terry Spencer has been cleared to resume work later this month. He will be working a part-time schedule due to budget considerations.

### Town & Country Supermarket Seeing Shelves Refilled

Town and Country Supermarket owner John Aspinall and his team have been working around the clock for over a week, trying to keep up with waves of customers in his store and an overloaded ordering system. Tuesday morning he received his first supply truck in over a week that included a mostly complete order. "The warehouse got slammed," he explained, "A truck that normally carries orders for three stores would have been full with the order from a single store. That means you'd need three trucks and three drivers to get everyone supplied. They just don't have that much excess capacity." As a result, the warehouse was only delivering about 40% of the stock that was ordered. In the case of something like toilet paper that saw panic buying and hoarding, the store's normal stock that would support them between the twice-weekly trucks was cleaned out in hours, and the next two partial deliveries were also bought out the same day they arrived. By Tuesday, the fill level was closer to 90% on dry goods and 70% on most perishables. Frozen food stocks are still running behind, due to longer shipping and handling times because of the requirement to maintain freezer temperatures during shipment.

Supply-and-demand still rules though. The cost of some meat items has increased nearly 50% due to high demand. Some dairys have cut the production of 1% and 2% milk to focus on Vitamin D milk, which is their largest seller. Items such as eggs are in short supply, and instead of receiving the "store brand", low cost items, they may receive higher cost, name brand items with a resulting higher retail price. "We have not raised the price on ANY item unless our cost has increased," said Aspinall, "We WOULD NOT do that to our customers."

In addition to the supply-chain issues, the volume of

sales in the store has also seen a large increase. "If it wasn't for the tremendous work of our associates, we'd have never gotten through this," said Aspinall, "they've stayed late or come in at odd times to make sure the trucks got unloaded and product on the shelves. They're the ones that have made it possible to keep up with this level of demand. Heck, we've even set cases of product out on the floor, gone to get more, and come back to find that

### Bay Metro Transit Suspends Fixed Route Service

By: Bay Metropolitan Transportation Authority

On Monday, March 23rd, Bay Metro Transit suspended fixed route service, Routes 1-11.

Bay Metro Transit will continue to operate DART demand-response service and will open the service up to the general public. However, all trips on DART will be limited to trips for ESSENTIAL SERVICES ONLY. These trips include medical trips for treatments, such as dialysis; trips to pick up prescriptions; grocery runs; limited rides to work – Bay Metro will not be transporting to Midland or SVSU for transfer. We ask the public not to call and put us in a position to make the decision for you as to what is or what is not an essential service. If you have to ask, it is not.

There will be no charge for this service.

DART hours are 6:00 am until 7:00 pm Monday through

### PASD Updates

The Pinconning Area School District is in the same position as every other district and most businesses in Michigan: waiting for more information. In yesterday's Stay Home order, Governor Whitmer said she would issue "talking points" for schools, but nothing has been released as of press time. Individual districts throughout the state are unable to make any plans, and the state has to develop a plan that will be effective for every district from the smallest in the state (Chassel, in the Keweenaw Peninsula, closer to Fargo, ND, than Lansing) to the largest (Detroit). PASD Superintendent Mike Vieau told the Journal that the district is operating at a minimum staffing level, and waiting for more information.

At this the only program they have in operation is the distribution of food for students. They began last Wednesday and passed out over 1,500 meals of food for district students, three meals per day for three days. They have changed to providing seven days of food, three days on the Monday distribution and four days on the Wednesday distribution, and the number of students served has increased on each distribution. "This wouldn't be possible without the support of our staff and community volunteers," said Vieau.

### Soup Supper and Live Pie Auction on April 15th

By: Abby Ososki

On Wednesday, April 15th at Divine Shephard Christian Community in Standish, MI there will be a soup supper and live pie auction. There will be a variety of soups to choose from and hot dogs for dinner. In addition, a live auction will be taking place selling pies as well as a silent auction of gently used and new items. The purpose for this is to provide full scholarships for kids to go to Bay Shore Camp in the summertime. Come on out and enjoy the fun. This event will be taking place from 4:30-6 pm in our dining hall. The location is 4335 M-61 Standish, MI 48658. Hope to see you there! If you have any questions please call (989) 879-5159.

## Spring Chicks

By: Sandy Friedle

In the wee village of Rhodes, a group of “Spring Chicks” met for the usual delicious lunch and exchange of blarney. Gold, good luck coins and Irish mint candy decorated the place mats. Deb (O’Whaley) (maiden name) had the cafe bedecked in the likes of Paddy’s Pub, giving salute to her ancestry. Parting, we heard the words of an Irish Bless-

ing... “May the road rise up to meet you. May the wind be always at your back. May the sun shine warm upon your face, and until we meet again, may God hold you in the palm of His hand.” We know we’ve found the “pot of gold at the end of the rainbow” in the friendships we’ve enjoyed since our “sweet Colleen” began this gathering of friends.

## PAEFP News

By: Sandy Augustyniak

At our recent Pinconning Emergency Food Pantry meeting of March, we extended our gratitude to the Tip-sy Cowboy for hosting their Annual Chili Cook-Off and Bake Sale. The winner of the Annual Chili Cook-Off was the Soup Lady who presented her Famous Chicken Noodle Soup. Additionally, the Bake Sale generated 740.00, which will be dedicated to sustaining the continued efforts of the Food Pantry. We anticipate another enjoyable and well attended event next year as well!

During our March meeting, Food Coordinator, Judy Fenwick, reported serving 33 families which included 96 people within the past month. Judy shared that we are in need of the following items: tuna, mushroom soup, RiceARoni, Hamburger Helper, pancake syrup, jelly, ramen noodles, mixed canned fruit, and canned pineapple. Our next food distribution will be on Friday, April 10th at the K of C Hall.

In addition, we would like to remind the community members that the Volunteer Income Tax Assistance (VITA) program is presently taking appointments for free tax preparations at Pinconning Township Hall, Auburn City Hall, and Financial Edge Credit Union in Bay City. To qualify for this free services clients must earn less than \$54,000.00 per year and use a simple tax form. Available slots are filling quickly, so it’s best to call ASAP. To schedule an appointment, please call the United Way of Bay County’s office at (989) 893-7508 ext. 11.

Hopeful that the current public health crisis will be sufficiently resolved by Saturday, April 25th to enjoy the Annual Pinconning Emergency Food Pantry Golf Scramble. This cheerful and crucial fundraising event will again be held at Green Hills Golf Course. Please consider joining us as a community player or organizing a team. Not an avid golfer? There are other means of supporting this event such as being a hole sponsor or supplying donations for our auctions occurring during the event. Please contact Judy Fenwick, Event Coordinator at (989) 4218 for additional information.

Our efforts to assist local families in need would not be possible without the donations we receive from generous local businesses, organizations, and community members. As a result, the Pinconning Food Pantry would like to thank the following for their donations: Independent

Bank, Your Cause-Sarah Berthiaume, Bernice Carstens, James & Janice Duley, Mary Talicska, In Memory of Eugene Haranda donated by Anthony & Cathy Carobine and Lillian Haranda, In Memory of Loved Ones by Myrtle Wackerle, In Memory of Elaine Pross donated by the following: Ernest & Ellen Schumann, Mary Lee Johnston, Frank & Phyllis Budghy, Lloyd & Denise Schumann, Barbara Schemanski, Ed Lahar, Sr., Jim Schumann, Richard Schumann, Neil Schumann, Jim & Julie Lahar, Tom & Mary Schumann, Mark & Mandy Lahar, Dale & Ashlie Lahar, Kathy Szwed, Cindy Martini Starweather, Jim Martini, Ray & Marcia Karbowski, Elmer & Gail Rosenbrock, Robert & Rebecca Szeszelski, Sam Bishop, Jr, Kay & Bernie Breza, Fred & Kay Jeske, Jackie Krzyzaniak, Ron Beson, Barb, Bill & Tammy Belchak, Jim & Carla Sobieray, Tom & Yvonne Jurek, Sam & Marlene Bishop, Pam & Gary Templin, Eugene & Bertha Bishop, Jerry Grappin, Ron Monsion, Bob & Carolyn Kothe, George & Joyce Shelagowski, In Memory of Tracy Sagehorn donated by the Silver Belles, In Memory of Beverly Chesny donated by the Silver Belles, CJ’s Sport’s Bar, Sherry Lightner, Bob Moffit, Pinconning School, Pat Krawczak and H & H Bakery.

The Pinconning Food Pantry is proud to report 99% of all donations received are used directly to provide members of our community with food and emergency assistance. Please consider our organization for contributions in memory of loved ones, on your wills, trusts, or estate plans. Checks can be made payable to: PAEFP, P.O. Box 893, Pinconning, MI 48650.

You may also contact Sandy Augustyniak at 989-879-2868 or Cookie Bumgarner at 989-615-8182 to learn how you can make a difference in our community supporting families in need.

Our next meeting is tentatively scheduled to take place on Thursday, April 9th, at 4:30 at the Pinconning Library, which is a week later than initially planned due to closure of the library in response to the current public health emergency. Our prayers are dedicated to continued well-being of all members of our community, and we continue to hold hopefulness that COVID-19 will be contained as quickly as possible.

## Michigan Rep. Announces Contest for Local Students

Representative Jason Wentworth of Farwell is hosting a contest for students in grades 1-6 to complete at home during the extended school closure. The topic of the contest is "What does it mean to be a leader?" Multiple winners will be selected throughout the district and will be invited to spend the day shadowing Rep. Wentworth at the Capitol in Lansing once school is back in session.

"Whether they are leaders in the classroom, on the field, or in the community, we have so many excellent young individuals in our area," Wentworth said. "I look forward to hosting the winners in Lansing and showing them what it's like to be a state legislator."

Students who live in Arenac, Clare, Gladwin or Osceola County and are interested in participating can submit a drawing, video, poem, essay or other creative method, describing what it means to be a leader.

Submissions should include the students name, school and grade, and be sent with the subject line "Leader Contest" to Rep. Wentworth's email at Jason.Wentworth@house.mi.gov by April 15.

customers have stocked the shelves for us. It's that type of support that makes this community a great place to do business."

Aspinall has supported other businesses in the community on his own. He changed his ad in the Journal to highlight the restaurants that remain open, and has added a video screen in the store to promote those same restaurants. He's even set up a table with menus for customers to take. On Monday night after the Governor's "Stay Home" order, the store stayed open until nearly midnight to make sure customers had as many of the items they needed as he could supply. The store's hours may change as the Stay Home order takes effect. "Nobody knows what the next three weeks will bring. We're taking it day-by-day to see when we'll need to be here for the community," said Aspinall.

## Pinconning Central Elementary Students Participate in Daily Challenge

By: Emily Bosworth

With the recent closure of our local schools, the Pinconning Central Elementary Facebook page has been trying to keep the students busy. Along with important information being passed along to parents, students and families are still able to follow along with The Mouse and The Motorcycle book and questions that were started due to March is Reading Month. The staff is also inviting students and families to participate in daily challenges. Some of these challenges have been building a fort in their house and reading for twenty minutes, playing a game as a family, to build something. Anyone wishing to follow along and share their completed challenges with a picture can join Pinconning Central Elementary's Facebook page at <https://www.facebook.com/pinconning-central/>

## COVID-19 Update

By: Ascension Michigan Hospitals

Ascension Michigan ministries have established COVID-19 triage areas near all emergency departments. This includes: Ascension Genesys - Grand Blanc, Ascension St. Mary's - Saginaw, Ascension Standish Hospital - Standish, and Ascension St. Joseph - Tawas City. Triage areas have been set up as part of Ascension's emergency preparedness protocol. These measures are being put in place to help distance individuals with a concern about COVID-19 exposure from the rest of our patient population, staff and health care providers.

For the safety of all people, if a person believes they have been exposed to COVID-19 and has developed a fever and symptoms of respiratory illness, such as cough or shortness of breath, they should call their health care provider immediately for instructions.

Ascension is working to keep our community healthy during this time and prevent the spread of infection while helping to ease access to care. For the most up-to-date information about COVID-19, please visit our website: <https://healthcare.ascension.org> or call 833-981-0738.

We are taking proactive steps with our distributor and suppliers to ensure access to supplies. We are arranging expedited shipments directly from manufacturers, assessing alternative products and taking advantage of our abilities as a national system to make intra-hospital inventory transfers when appropriate. The safety of our patients and caregivers is our utmost priority as we all work to slow the transmission of COVID-19 and care for all in need.

To help protect the health and safety of our patients, families, health care staff and providers from the spread of COVID-19, Ascension Michigan is enforcing patient visitor restrictions for all of its hospitals and ambulatory sites. These restrictions are consistent with Gov. Gretchen Whitmer's Executive Order, EO 2020-7.

**No visitors are permitted at Ascension Michigan hospitals except for:**

- One visitor permitted for support of activities of daily living like bathing or eating for pediatric (under 21) and special needs patients
- One visitor for a surgery patient
- One visitor for a hospice patient

## Letter to the Editor

The City of Pinconning, as with cities nationwide, is struggling with Financial Management. Short term planning during a National Health Crisis requires other priorities. People moving into Our City have CHOSEN Our City (WITH) a "City Police Presence". Convenience elements of Our City include more than stores and parks. Responsibility of Leadership is to Lead. Deferring to a secondary source is not leading. This is not what is needed NOW.

Having attempted to contact several County agencies myself, difficulties of contact became clear. Our City has Ambulance and Fire protection. AT THIS TIME over Preparation and Planning seems WISE. More responders, not less also seems WISE.

Personnel reductions or adjustments are for the Future. In the Future over Preparation and Planning may be viewed as amusing, silly or (hopefully) ridiculed as "Over The Top". Local Rapid Response must be a priority Now. Relying on the County or State resources comes at a price (Response time). Emergency City contact line(s) and more LOCAL "POLICE PRESENCE" is part of Planning.

Our City may be extremely fortunate and not have residents directly affected by this Crisis, or it may. The County and State may also not be impacted to an extreme degree.

If either County or State have a major issues, Our City should be prepared for Your needs. Perhaps it's time to think of each other differently:

- 6 FEET+ is the RULE
  - Help yourself FOLLOW the RULE
  - Help your neighborhood Follow the RULE
- Rule number two;  
- Stay Smart. STAY SAFE. Please  
Paul Herber, Pinconning

- One visitor for patients at the end of life
- One visitor for patients in serious or critical condition

- One birth partner (as well as a doula if participating in the birth)

- One visitor required to make a decision on behalf of the patient (patient's medical durable power of attorney, court appointed guardianship)

**No visitors are permitted at Ascension ambulatory (outpatient) sites except for:**

- One accompanying person that is necessary to support the delivery of care to the patient

- One accompanying person for a surgery patient

- One accompanying person for patients in serious condition

- One birth partner (as well as a doula if participating in the birth)

Any visitor meeting the above criteria must pass a health screening before entering any Ascension Michigan facility

To help protect the health and safety of our patients, families, health care staff and providers from the spread of COVID-19, Ascension is following the CDC, Surgeon General, and American College of Surgeons guidelines which have recommended limiting elective services. Ascension Michigan began deferring all elective procedures on Tuesday, March 17. Elective procedures are those that have options in terms of timing/level of urgency to be completed, or are determined non-essential at this time. We recognize that each case is unique, so processes are in place to review requests for procedures that might be considered elective to determine issues of optimal timing and resource support.

We will continue to monitor the disease activities

and will use a data driven approach to revisions in the recommendations, particularly regarding duration of care deferral.

**Glenn Urges Families to Work Together in Stopping COVID-19**

Rep. Annette Glenn, R-Midland, today announced her support for Gov. Gretchen Whitmer's stay-at-home order, put in place to help slow the spread of the coronavirus.

Glenn said as the number of reported positive cases of COVID-19 continues to increase, it is vital Michiganders do their part to protect themselves, their families, and neighbors.

"I strongly support the governor's call and encourage families in Bay and Midland counties to join me in doing our part in slowing the spread of this virus," Rep. Glenn said. "I know our community will work together to respond effectively to this order and continue to show great care for each other."

The order will go into effect Tuesday, March 24 at 12:01 a.m. and continue through at least April 13th. It allows for certain essential business and activity to continue, such as grocery shopping, doctor's appointments, and outdoor exercise.

"I am so proud to represent the people of Bay and Midland counties," Glenn said. "We've already been working hard to help and stand with each other, and I recognize all the sacrifices we've already made. I continue to have complete confidence in our local leaders, first responders, and healthcare professionals and their ability to respond to this challenge. We will get through this together if we all do our part."

Glenn has remained committed to slowing the spread of the virus, joining her colleagues in approving an additional \$125 million in emergency state funding to provide support to local governments and health officials' response to the virus. She also participated in a conference call with the White House last week, during which Vice President Mike Pence and federal public health officials briefed state government leaders on the federal government's response to the coronavirus.

Rep. Glenn continues to encourage residents to contact her office with any questions or concerns. Residents can call her office at 517-373-1791 or email at AnnetteGlenn@House.MI.gov.

**Nominating Petitions Available For City Council/ Mayor**

As of the date on this paper, there are 222 days until the presidential election in November, and it's important for Pinconning residents to remember that on November 3rd they will vote in an election that will arguably have a more direct effect on their daily lives than who will reside in the White House. Pinconning's Mayor's seat and all six City Council positions will be up for grabs, with those selected controlling the purse strings for a city in dire financial straits for the next two years. Nominating petitions for the positions are currently available at Pinconning City Hall.

To seek office, a person must be a registered voter in the City of Pinconning, and must collect the signatures of between 25 and 50 other registered voters of the City on the Nominating Position. Petitions must be turned in to the City Clerk no later than 4:00 pm on April 21st. Contact the City Clerk for more information.

## Tips to Comply With 'Stay Home, Stay Safe' Executive Order

By: Michigan Farm Bureau

When Michigan Gov. Gretchen Whitmer issued the state's "Stay Home, Stay Safe" Executive Order (EO 2020-21), she advised reporters during the press conference that the EO is just that – an order -- not a guidance document.

Put bluntly, those found to be in violation of the EO will be charged with a misdemeanor.

While the EO recognizes Michigan's food and agriculture industries and related workers as "Essential Critical Infrastructure" to ensure continued food security, Michigan Farm Bureau (MFB) and the Michigan Ag Business Association (MABA) are recommending farmers take some additional steps to ensure farm employees can avoid problems with local law enforcement.

Communicating to your employees will be important. It may not be immediately apparent to people across the state, including agribusiness employees reading news reports, that food and agricultural businesses can continue to operate as essential infrastructure. MFB recommends considering a communication to employees detailing your operational plans.

Michigan Farm Bureau is also encouraging farm employers to provide a letter to employees who are carrying out essential functions. The organization recommends employees be provided a brief in-transit letter on company letterhead identifying them as an employee of a food/agricultural business, and referencing both the executive order and the DHS/CISA memo.

Health and safety remain paramount. This order is about protecting public health, and MFB strongly urges employers to review the social distancing and best practices information available both in the order and at [michigan.gov/coronavirus](http://michigan.gov/coronavirus). In addition, the organization recommends taking a moment to review regular workplace safety procedures with your employees.

In accordance with Whitmer's EO 2020-21, and to protect the public health, the following components of the Michigan food and agriculture sector are deemed essential:

- Workers supporting groceries, pharmacies, and other retail that sells food and beverage products.
- Workers supporting and operating gasoline stations.
- Restaurant carry-out and quick-serve food operations; carry-out and delivery food employees.
- Food manufacturer employees and their supplier employees including those employed in food processing facilities (packers, meat processing, cheese plants, milk plants, produce, etc.); livestock, poultry, seafood slaughter facilities; pet and animal feed processing facilities; human food facilities producing by-products for animal food; beverage production facilities; and the production of food packaging.
- Farm workers including those employed in animal food, feed, and ingredient production, packaging, and distribution; manufacturing, packaging, and distribution of veterinary drugs; truck delivery and transport; farm and fishery labor needed to produce our food supply domestically.
- Workers who care for animals at veterinary clinics, animal shelters and research facilities. Veterinary clinics should only be performing essential life-saving procedures; all other non-essential procedures should be delayed.
- Farm workers and support service workers including those who plant, grow, and harvest agricultural commodities; commodity inspections; fuel ethanol facilities; storage facilities; and other agricultural inputs.
- Employees and firms supporting food, feed, and beverage distribution, including warehouse workers, vendor-managed inventory controllers, and blockchain managers.
- Workers supporting the sanitation of all food manufacturing processes and operations from wholesale to retail.
- Company cafeterias, specifically in-plant cafeterias, used to feed employees.
- Workers in food testing labs in private industries and in institutions of higher education.
- Workers essential for assistance programs and government payments.
- Employees of companies engaged in the production of chemicals, medicines, vaccines, and other substances used by the food and agriculture industry, including pesticides, herbicides, fertilizers, minerals, enrichments, and other agricultural production aids.
- Animal agriculture workers including those employed in veterinary health; manufacturing and distribution of animal medical materials, animal vaccines, animal drugs, feed ingredients, feed, bedding, etc.; transportation of live animals, animal medical materials; deceased animals for disposal; raising of animals for food; animal production operations; slaughter and packing plants; and associated regulatory and government workforce.
- Workers who support the manufacture and distribution of forest products, including but not limited to timber, paper, and other wood products.
- Employees engaged in the manufacture and maintenance of equipment and other infrastructure necessary to agricultural production and distribution.

MDARD has established an email address for industry, stakeholders, and consumers to submit questions and/or get clarification on specific areas of concern. MDARD-COVID19@michigan.gov NOTE: These businesses should to the extent possible follow guidance from the CDC, as well as state and local government officials, regarding strategies to limit disease spread, which includes social distancing, frequent handwashing and sanitizing of surfaces. Workers should be encouraged to work remotely when possible and focus on core business activities. In person, non-mandatory activities should be delayed until the resumption of normal operations. When continuous remote work is not possible, businesses should enlist strategies to reduce the likelihood of spreading the virus. This includes, but is not necessarily limited to, enhanced cleaning protocols, separating staff by off-setting shift hours or days, and social distancing. These steps can preserve the workforce and allow operations to continue.

Michigan Farm Bureau Legal Counsel Allison Eicher suggests farm employers should already be making plans to protect the safety of their workforce and maintain normal business operations to the extent possible, should COVID-19 have a significant impact now and in the future.

## EXECUTIVE ORDER FROM PAGE 1

- Leave the home to work unless your employer designates you as a critical infrastructure worker.
  - Participate in any public gatherings.
  - Visit someone in the hospital, nursing home, or other residential care facilities (with limited exceptions).
  - Go to the mall or to restaurants.
- Businesses that remain open for in-person work must take aggressive steps to minimize the virus's spread. They must:
- Promote remote work to the fullest extent possible.
  - Restrict the number of workers present in-person on the job.
  - Keep employees at least six feet from one another to the maximum extent possible and enabling social distancing for customers who are standing in line.
  - Any other social distancing practices and mitigation measures recommended by the Centers for Disease Control.

Testing through the Michigan Department of Health and Human Services (MDHHS) has identified one additional presumptive positive cases of COVID-19 in Bay County resulting in two total cases in the county. The new case involves an adult female.

The Bay County Health Department (BCHD) is identifying and contacting the close contacts of this individual, assessing for risk and determining management of those exposed.

Patients with confirmed infection have reportedly had mild to severe respiratory illness with symptoms of:

- Fever
- Cough
- Shortness of breath

The best prevention for viruses, such as influenza, the common cold or COVID-19 is:

- If you think you have symptoms of COVID-19, call your health care provider. If you do not have a health care provider, call the nearest hospital.
- Wash your hands often with soap and warm water for 20 seconds. If not available, use hand sanitizer.
- Avoid touching your eyes, nose, or mouth with unwashed hands.
- Cover your mouth and nose with a tissue or upper sleeve when coughing or sneezing.
- Avoid contact with people who are sick.
- If you are sick, stay home, and avoid contact with others.
- Stay at least 6 feet away from others when in a public setting.

Michiganders can apply for unemployment benefits if they have left work or taken a leave of absence because of self-isolation or self-quarantine in response to elevated risk from COVID-19 due to being immunocompromised, displaying the symptoms of COVID-19, having contact in the last 14 days with someone with a confirmed diagnosis of

## Consumer Response to COVID-19 Drives Grocery Demand

By: Michigan Farm Bureau

Escalated consumer purchases of many basic grocery items — in response to COVID-19 emergency orders temporarily closing Michigan restaurants for dining in — has taxed the logistical food supply chain throughout the state.

Gov. Gretchen Whitmer's Executive Order issued earlier this week required all places of public accommodation, including restaurants, closed to the public for on-premises consumption until March 30 to mitigate the spread of COVID-19, protect the public health, and provide essential protections to vulnerable Michiganders.

It's also forced the food processing industry to expand hours of operation and redirect product processing and packaging that would have normally been destined to food service establishments as bulk goods to consumer-friendly packaged products, according to Michigan Farm Bureau President Carl Bednarski. That's no small task.

According to Michigan Restaurant and Lodging Association Vice President of Government Affairs John McNamara, restaurants normally provide 51% of the meals consumed on a daily basis. Based on 2018 figures, Michigan is home to 16,543 eating and drinking establishments, with \$17.9 billion in estimated sales, according to the National Restaurant Association.

"It's important Michigan take the necessary steps to protect public health, but we also realize the importance of supporting local retail, eateries and stores," said Gary McDowell, director of Michigan Department of Agriculture and Rural Development (MDARD).

"You can still get your favorite foods, just in a different way than before, as we work together to reduce the spread," McDowell continued. "I urge you to continue to support your area businesses, who are often the foundation of our local communities, by buying gift certificates for later use, getting take-out or delivery."

MDARD advises that this is a time to prepare, not panic. Flooding the grocery and convenience stores doesn't allow them time to properly restock items consumers are looking to buy. While the supply chain is intact, and the food and items are available, giving grocery stores time to replenish inventory is critical to ensure everyone has access to what they need at the store.

Michigan Retailers Association's Meegan Holland said the organization is monitoring and interpreting the latest state and federal aid packages for their 5,000 member businesses — some of which are struggling during the

COVID-19, the need to care for someone with a confirmed diagnosis of COVID-19, or a family care responsibility as a result of a government directive. Those temporarily laid off from work should apply for unemployment benefits online at [www.michigan.gov/UIA](http://www.michigan.gov/UIA) or 1-866-500-0017.

On March 19, the U.S. Small Business Administration (SBA) approved the governor's request for a statewide Economic Injury Disaster Loan (EIDL) declaration, opening the opportunity to small businesses to access low-interest loans from the SBA. The application for disaster loan assistance is available at <https://disasterloan.sba.gov/ela/>. For businesses looking for more information on how to apply for an SBA EIDL loan or whether it is something they should consider, visit [michiganbusiness.org/covid19](http://michiganbusiness.org/covid19).

Information around this outbreak is changing rapidly. The latest information is available at [Michigan.gov/Coronavirus](http://Michigan.gov/Coronavirus) and [CDC.gov/Coronavirus](http://CDC.gov/Coronavirus).

For those who have questions about the state's actions to mitigate the spread of coronavirus, please call the COVID-19 Hotline at 1-888-535-6136 between 8AM - 5PM daily.

Dear Lynn,  
Now that we're all staying home, I'd like to have some fun in the kitchen with my children. Does anyone have any easy kid-friendly recipes they will share? Judy from Litchfield

Rachel from Coldwater makes her Eggs & Rice at least once for supper during Lent. Penny from Adrian says her grandmother's recipe for Cheese & Mushroom Strata is the best meatless meal she's ever had. Sandi from Pinconning sent in her meatless recipe for Eggplant-Mushroom Casserole. ### EGGS & RICE

- 2 c canned tomatoes
- 1/2 small onion, sliced
- 1/2 of a bay leaf
- 3 cloves
- 1 t sugar
- 1/2 t salt
- 2 T butter
- 2 T flour
- 3 c cooked rice
- 6 eggs
- 3 T grated cheddar cheese
- 1/2 c bread crumbs

**DIRECTIONS:** Simmer tomatoes, onion, bay leaf, cloves, sugar and salt in a saucepan for 10 minutes. Strain. Melt butter in a separate saucepan. Blend in flour. Add tomato mixture and cook until thickened, stirring constantly. Spread rice in a greased, shallow 2 1/2 quart casserole, making six hollows in it with a tablespoon. Break an egg into each hollow. Carefully pour tomato sauce over all. Sprinkle with cheese and bread crumbs. Bake at 350 degrees for 20 minutes or until heated through and eggs are firm.

### CHEESE & MUSHROOM STRATA

- 4 oz fresh mushrooms, sliced
- 1/2 c chopped onion
- 1/2 t marjoram
- 3 T butter, divided

- 6 slices day old bread
- 1/2 c shredded Colby cheese
- 1/2 c shredded Swiss cheese
- 1/4 c grated Parmesan cheese
- 1 t dry mustard
- 6 eggs, slightly beaten
- 1 1/2 c milk
- 1/2 t salt
- 1/4 t pepper

**DIRECTIONS:** Melt 1 tablespoon butter in a medium skillet. Sauté mushrooms and onion with marjoram until tender. Spread remaining butter over one side of each slice of bread. Cut bread into 1/2 inch cubes. Arrange 1/2 of the bread cubes over the bottom of a lightly greased casserole dish. Pour mushroom mixture evenly over top. Cover with remaining bread cubes. In a bowl, blend together Colby cheese, Swiss cheese, Parmesan cheese, mustard, eggs, milk, salt and pepper. Pour over bread cubes. Cover with aluminum foil and refrigerate for several hours or overnight. Leave covered and bake at 350 degrees for 35 minutes. Uncover and bake for 15 minutes more. Let cool for 5 to 10 minutes before serving.

### EGGPLANT-MUSHROOM CASSEROLE

- 2-1 lb egg plants, cut into 1 1/2 inch cubes
- 1 large onion, sliced thin
- 1/2 c butter
- 1/2 lb fresh mushrooms, small ones halved, larger ones quartered
- 2 cloves garlic, minced
- 2-14 oz cans Italian tomatoes
- 1/8 t aniseed
- 1 t salt
- 1/4 t pepper
- 2 T dry sherry
- 2 T ruby port
- 1/3 c grated Romano cheese

**DIRECTIONS:** In a large skillet, cover eggplant and onion with water. Simmer for 15 minutes, stirring several times. Drain well, squeezing out excess liquid. While eggplant is cooking, sauté mushroom and garlic in butter until golden. Add tomatoes, aniseed, salt, pepper, sherry and port. Add cooked eggplant and onion. Mix well. Spoon into a 2 1/2 quart casserole dish. Top with Romano cheese. Bake at 350 degrees for 30 minutes.

## Positively Pinconning

Submitted by: Dan Couveau

I know we are officially on lock down here in Michigan. No one wants this type of restrictions. Although if we look at it from the point of view that we are protecting ourselves and others by staying at home with our families, it is not so bad.

Take this time to pray and reflect on the blessings that we do have, like homes to stay in, clean water, food, the ability to move around when it is really needed, the ability to phone and Facetime loved ones that are not with us. Millions of people in other countries do not have all of these privileges, but we do.

Also, as christians we know that God is in control, and we have the promise that if our requests are in line with his word, he will answer us. So let's pray for our Nation, our State, our community and our families. Now is a time to pull together, to check on others, and to help with encouragement and action where you can.

Single people will need our contact and support, older people will need us to go out for them for supplies and to keep our

distance when bringing these items to them. Humans are not animals, we are different because God has given us the ability to think, reason, understand, build, problem solve and heal beyond any animals abilities. We are created in his likeness, therefore we can and will overcome.

Like the advice I have given you before, don't believe everything negative you hear on TV and social media. Right here locally I see people helping people, being respectful, staying their distance (6 ft), reaching out to others. Yes we have an invisible enemy to fight right now, but we will overcome. With Gods help we always have.

Be encouraged, good is winning over evil in the world. We must keep our eyes focused on God and know that He is always in control and that he died for US. I thank God for blessing you, our armed forces and our community with love and thanksgiving in our hearts, health, prosperity and financial well being.

## DOCTOR ... WHY?

Submitted by:  
Paul M. Dake, M.D.

*Dr. Paul Dake is semi-retired; moved to the Pinconning area to be near family and is submitting articles for the Journal. Dr. Dake has an Undergraduate degree in Physiology and M.D. degree, both from Michigan State University, the latter awarded in 1978; immediately thereafter; Family Medicine Residency in Saginaw; solo practice there for 10 years; Family Medicine Residency Faculty in 3 different residency programs through the years; working in Urgent Care facility the last 5 years.*

**Q:** I saw my Family Doctor last week for a blood pressure check & asked about the best way to treat symptoms of suspected COVID-19 virus infection; she told me that I shouldn't take Motrin (ibuprofen) for the fever & body aches that usually come with it, but she didn't have time to tell me why. Can you help?

**A:** I would congratulate your doctor for being so attentive to the medical literature on this topic. This recommendation came from an article in the highly respected British Medical Journal, published on March 17, 2020. The reason for the recommendation you received is that the entire class of nonsteroidal anti-inflammatory drugs (NSAID; ibuprofen & naproxen can be purchased without a prescription, but pre-

scription NSAID's include [generic names] celecoxib, etodolac, meloxicam, ketorolac, and several others) appears to block chemical reactions in the body that lead to inflammation, which lessens the body aches that are largely caused by inflammation. The problem is that some of those same chemical reactions are crucial to mounting a defense against the COVID-19 virus, causing a person with COVID-19, who is taking NSAID's, to have much more severe symptoms than they might otherwise have. Also, if you are trying to isolate your elderly relatives from any possible infection and you are taking groceries to their home, it is best to have them leave the package on the front step or in the garage for at least 2 hours, because at this time of year, the combination of passage of time & relatively low temperature will greatly decrease the survival of organisms that you may have left there in preparing & delivering the package, lowering the chance of infecting the recipient of the package. I want to thank Debra B. for her question; if you have any particular topic you would like to hear more about, please message me at [paulmdake@gmail.com](mailto:paulmdake@gmail.com).

**GROCERY FROM PAGE 5**

COVID-19 spread.

"But some stores are doing well — like grocery stores," she said, noting that Michigan Retailers is encouraging shoppers not to hoard items like toilet paper, milk and produce.

"Grocers are working really hard to keep the stores clean and shelves stocked," Holland continued. "I am told a family of four can get by with 17 rolls of toilet paper in a couple of weeks. Just buy what you need and there will be enough for everyone."

Bednarski said the dramatic shift in consumer food-purchasing habits and consumption has caused a temporary

price increase at the retail level for many basic household grocery staples, including eggs, dairy, and meats.

Longer-term Bednarski expects the price pendulum to swing in the opposite direction, at least at the farm-level.

"We're already hearing market forecasts calling for significant price declines in literally every major commodity sector of U.S. agriculture," Bednarski said. "Market analysts are predicting that a COVID-19-induced recession will cause producer pay-price declines of 20% in dairy and 30% to 40% declines in pork and beef products, for example."

**Banana Cream Pie**

- Makes 1 (9-inch) pie
- 1/4 cup sugar
- 2 tablespoons Argo® Corn Starch
- 1/8 teaspoon salt
- 2 cups milk
- 4 egg yolks
- 1/4 cup Karo® Light Corn Syrup
- 1 teaspoon vanilla extract
- 1 tablespoon butter OR margarine
- 1 to 2 medium bananas
- 1 prepared graham cracker pie crust OR baked pie crust (recipe follows)

Whipped cream, optional  
Mix sugar, cornstarch and salt thoroughly in a heavy saucepan OR top of double boiler. Whisk milk, egg yolks and corn syrup together; add to sugar mixture and stir well to combine.

Heat over medium heat, stirring constantly until mixture comes to a boil, about 8 to 10 minutes. Remove from heat and stir in vanilla and butter. Slice bananas into bottom of pie crust. Pour filling over top; let cool 10 minutes.

Cover with plastic wrap and chill several hours or overnight before serving. Top with whipped cream, if desired. This fabulous Banana Cream Pie can be an easy no-bake recipe, but if you prefer making your pie crust from scratch, here is a recommended recipe for a homemade baked crust.

**Homemade Deep-Dish Pie Crust Recipe:**

In food processor, pulse 11/2 cups all-purpose flour, 1/4 teaspoon salt, 1/4 cup cold butter and 1/4 cup vegetable shortening until in large crumbs. Add 4 to 5 tablespoons cold water; pulse until mixture starts to form a ball (do not overmix).

Shape dough into round disk; cover with plastic wrap and freeze for 10 minutes until easy to handle. Roll dough into 11-inch circle onto floured surface; fit dough into 9 1/2-inch deep-dish pie plate. Prick bottom and sides with tines of fork. Turn edge under and flute.

Bake at 400 degrees for 10 to 12 minutes or until crust is golden. Cool completely before filling.
